“Did you know there are only 2 ozs of a difference between the sizes of Taylor bowls? This small difference ensures you get a precise fit for all different hand sizes. There is no need for half sizes in the Taylor range. In fact many bowlers find, if they need to come down in size, it is often 2 sizes due to such a small difference between them”.

Coloured bowls available in heavy weight only. All bowls sold in sets of 4.

As a tolerance is allowed during production, this table is for guidance only.

Please note that Taylor Bowls reserves the right to alter the specifications of products at any time.

VECTOR-VS

Narrow drawing arc with no hook at the finish. Recommended primarily for all indoor surfaces and artificial surfaces.

Progrip as standard. Black and Colour as standard.

BLAZE

The draw is between the Vector VS and the Ace with a nice sweep at the end.

Can be used for both indoor and outdoor surfaces.

Premier Grip as standard. Black and Colour as standard.

ACE

Mid drawing arc with no hook at the finish. This popular model is our most versatile as it can be used for both indoor & outdoor surfaces. Recommended by top players as well as beginners.

Available in Progrip or Xtreme Grip as standard. Black and Colour as standard.

INTERNATIONAL

Similar to the Ace but with a stronger finish.

Recommended for all indoor and outdoor surfaces.

Progrip as standard. Black and Colour as standard.

LIGNOID

This wide drawing model is predominantly for outdoor, grass surfaces or Short Mat bowls.

Progrip as standard. Black as standard - Colour to order.

This chart illustrates the comparative difference between models and is a guide only.

ACE PROGRIP

The Ace Progrip is our most popular bowl and is played by champions the world over! This mid bias model is very versatile, ideal for any rink position from lead to skip indoors and out. A slightly wider drawing arc than the Vector VS with no hook at the finish making it a forgiving model.

The progrip is our most recognised deep dimple circular grip giving you excellent control in all weather conditions.

The Ace Progrip is now available in size 0000 and size 000 which is ideal for younger and older players who are stepping up from a Junior Ace or down from size 00.

They come with a WB stamp and are perfectly legal to play in all competitions. Choose from our colour range (P12).

BIAS GUIDE

"I use the Ace- it's a good all round model, suitable for any position from lead through to skip and reliable in any situation both indoor and out."

Andy Thomson

RENOVATIONS

Here in our factory we restamp and renovate thousands of sets of bowls each year. Our skilled tradesmen whom some have been working with us for over 40 years still hand craft the bowls using traditional methods that have not changed for hundreds of years. We have refurbished sets that have been passed through 3 generations of families, keeping that sentimental feeling intact whilst delivering a professional finish.

Some of the alterations available:-

- Testing & Stamping
- Application of serial numbers
- Re-Buffing (including Testing/Adjustment)
- Re-Painting
- Polishing
- Erasing Engraving
- Engraving new emblems

SCOTTISH CARPET/ SHORT MAT BOWLING

As the names suggest, both games originated in Scotland and are played as follows:

Scottish Carpet Bowling played on low felt covered table 3' wide and 24' long using -

51116 Set of (3 ¾") non-biased, unmounted Carpet Bowls, consisting of 8 Black and 8 Brown Bowls.

Scottish Short Mat Bowling played on a carpet 12' wide (minimum 9') using No. 5 bias bowls, manufactured to special order from our Lignoid Range.

BIASED CARPET BOWLING

Requires a carpet 6' wide and only 30' long, using 37/8" diameter bowls. Biased Carpet Bowls. Each set consists of 4 pairs of Black and 4 pairs of Brown bowls with a White jack. Each pair of bowls is distinguished by coloured scores of Red, Blue, Green and White. The bowls, despite their smaller size, have been machined and finished to give as accurate a bias as the finest lawn bowls.

SUNDRIES

TAYLOR TOURNAMENT MEASURES

Designed with help and advice from the top officials and in conjunction with information gleaned from bowlers at all levels of the game.

Our designers took into account modern technology, accuracy, ease of use, quality and value in their conquest for these specifications.

Our measures are manufactured to exacting standards to incorporate a secure measuring mechanism and are housed within a solid colour injection moulded casing. The cord is a fine, flexible, silver nylon coated, multi-strand, steel cable. Common to each model is a ridged base to ensure a secure, non-slip foundation.
